SUMMARY

Computer Science and Data Science undergraduate with experience building AI-powered applications, backend APIs, and machine learning systems. Built a four-agent data-analysis platform using Python, FastAPI, LangGraph, and retrieval-augmented generation, with additional projects in computer vision and financial time-series prediction.

TECHNICAL SKILLS

Languages: Python, SQL, R

Software Engineering: Data Structures & Algorithms, REST APIs, FastAPI, Flask, Git

ML & Data: Scikit-learn, PyTorch, Pandas, NumPy, XGBoost, OpenCV, MediaPipe

AI Systems: LangGraph, LLM Integration, RAG, ChromaDB

Databases: PostgreSQL, MySQL, Redis

EXPERIENCE

Machine Learning Intern | Cantilever Labs

Apr 2025 – Jun 2025

Face & Hand Gesture Recognition System

- Developed a real-time facial and hand gesture recognition system using OpenCV and MediaPipe for live input processing and landmark extraction.
- Trained and evaluated models using live-scanned facial data and a Kaggle facial dataset, converting landmark coordinates into numerical feature vectors for classification.
- Evaluated recognition performance across gesture classes and input variations, achieving 74% accuracy in the reported setup.

PROJECTS

DataPulse | Agentic AI Data Analysis Platform

2026

- Built a four-agent analysis pipeline using LangGraph and Groq for data preparation, statistical analysis, visualization, and AI-generated insights.
- Developed FastAPI REST APIs and integrated Redis caching, JWT authentication, password-reset workflows, and bcrypt password hashing.
- Integrated ChromaDB-based retrieval for RAG-enabled analysis.

NSE Stock Predictor | XGBoost, Streamlit

2025

- Built an XGBoost classifier to predict next-day NSE market direction.
- Engineered SMA, EMA, daily-return, and volatility features from historical market time series and built an interactive Streamlit interface.

EDUCATION

B.Tech in Data Science

2023–2027

Geethanjali College of Engineering and Technology, Hyderabad

CGPA: 8.2/10

Relevant Coursework: Data Structures & Algorithms, DBMS, Machine Learning, Probability & Statistics

CERTIFICATIONS

- Python Essentials, Cisco Networking Academy (2025)
- Database Design, Oracle Academy (2025)
- Database Programming with SQL, Oracle Academy (2025)
